Dear Ms Masser

## Repairs to Staithes inner harbour wall

I have discussed the proposals with my building conservation colleague, Edward Freedman. We do not believe that a standing building survey is required although a prior photographic record would be recommended. However, you clearly have had the structure photographically recorded as part of the current proposals and, provided you feel that these constitute an adequate record, I would be content. Comments from my colleague relate to stone replacement, which should match the existing in terms of geology, tooling and dimensions, and to the pointing which should be brushed back rather than standing proud of the stone.

Please do not hesitate to contact me if you require any further information.

Yours sincerely

A handwritten signature in black ink, appearing to read 'G. Lee', with a long horizontal stroke extending to the right.

Graham Lee  
Senior Archaeological Conservation Officer
